

HUMANERGIE

HUMANERGIE.com est un site web imaginé pour promouvoir les services de HUMANERGIE, notamment la Maison de retraite (MDR). Plus encore, via le site vous avez accès à une simulation de notre bilan santé (bilan réalisé dès l'entrée en mdr, permettant de définir quels services vous seront destinés). Lors de l'ouverture du lien, les visiteurs seront accueillis par une page d'accueil, et poursuivis avec 4 menus principaux, le premier menu est "A propos", ce menu décrira notre vision, notre mission et les informations essentielles sur HUMANERGIE. Le deuxième menu est "Services", il décrira tous nos services; la façon dont nous procédons et des informations sur les appareils qui seront utilisés dans notre service. Le menu suivant est MDR, ce menu décrira et montrera également le plan des 3 niveaux en MDR. Le dernier menu est Test, un menu où les gens peuvent faire un test "virtuel" pour savoir à quels services ils seront affectés et peut être ainsi changer leur hygiène de vie afin de changer de service.

HUMANERGIE.com is a website that made for promoting HUMANERGIE's services, MDR (Maison de retraite) and a place for doing a placement test (bilan de santé). When opening the link, guests will be welcomed with a landing page, and continued with 4 main menu, the first menu is About, this menu will describes our vision, mission and the essential informations about HUMANERGIE. The second menu is Services, a menu that will describes all of our services, how we do it, and information about the devices that will be used in our service. The next menu is MDR, this menu will describe and also shows the plan of 3 levels in MDR. The last menu is Test, a menu where people can do a "virtual" test to find out the most suitable services for them.

0. Landing Page
